

Product Information Sheet

Fuel Transfer Pumps

12, 24 & 240 Volt Diesel Transfer Kit

- Simple and efficient for transferring fuel from the drum or tank in any situation
- 2" quick change coupling connection makes it easy to move from one drum to another
- Manual nozzle & swivel
- 4 metre delivery hose
- 2 metre telescopic steel suction tube
- Self priming pump with integral bypass
- Duty cycle: 30 minutes
- Not suitable for petrol
- DITI10304019 - Suitable for Bio-diesel
- DITI10305704, DITI10307600 - Extra heavy duty construction

DITI10305704, DITI10307600

DITI10305619, DITI10307207, DITI10307000, DITI10305610, DITI10305611

DITI10304017, DITI10304018, DITI10304019

MODEL	Flow Rate	Voltage (V)	Nozzle	Delivery Hose
DITI10304017	40 LPM	12 Volt	Manual	4 meters
DITI10304018	40 LPM	24 Volt	Manual	4 meters
DITI10304019 (Bio-diesel)	40 LPM	12 Volt	Manual	4 meters
DITI10305610	56 LPM	12 Volt	Manual	4 meters
DITI10305611	56 LPM	24 Volt	Manual	4 meters
DITI10305704	57 LPM	12 Volt	Manual	4 meters
DITI10307000	35-70 LPM	12/24 Volt	Manual	4 meters
DITI10307600	76 LPM	12 Volt	Manual	4 meters
DITI10305619	56 LPM	240 Volt	Manual	4 meters
DITI10307207	72 LPM	240 Volt	Manual	4 meters
